

A VERY LIGHT TRAFFIC

On the Lines of the Big Consolidated at Cleveland.

BOYCOTT STILL SPREADING.

Car Released From a Switch on a Down Grade Strikes an Upbound Car With Terrific Force—Situation at Sandusky.

Cleveland, Aug. 1.—This is the sixteenth day of the present street car strike in this city and apparently it is no nearer a settlement now than when it began. Some unknown persons pushed an electric freight car loaded with ties from a switch on Mayfield Heights, just east of the city, onto the main track and down the long, steep hill towards Euclid avenue. Half way down the incline it collided with an upbound car with terrific force. Both cars were badly wrecked. Two passengers were on the up-bound car. Strange to say, neither they nor the crew were injured beyond a severe shaking up.

The Big Consolidated officials state that every line in their system is in full operation and on the more important lines the regular schedule is being maintained. The cars running down town on the Euclid and Cedar avenue lines were fairly well filled. On the other 12 lines in the Big Consolidated system, however, they were comparatively empty at an hour when they are usually crowded.

The boycott movement has spread so rapidly that it has reached the big down-town wholesale and department stores. In many cases the proprietors of these establishments are requesting their employees not to ride on the Big Consolidated cars. In some instances, however, the merchants have flatly refused to take part in the boycott and declare they will have nothing to do with it, no matter what the result may be.

A special from Sandusky, O., says: Sympathizers with the Cleveland street railway strikers began making attempts to wreck the cars of the Sandusky and Interurban line here. Large stones were placed on the track, stakes were driven between the rails and pieces of plank spiked across the tracks so as to throw the cars off. A detachment of police was sent to guard the line.

The Sandusky and Interurban line is controlled by President Henry A. Everett of the Big Consolidated company at Cleveland. No material damage has been done so far.

A Sympathy Strike.

Cleveland, Aug. 1.—The striking linemen and electricians of the Cuyahoga Telephone company announced that over 500 telephone men engaged in construction work in various parts of the state for the United States Telephone company are now out on a strike. The local men struck in sympathy with the Big Consolidated Street railway employees. Henry Everett, president of the latter company, is largely interested in the Cuyahoga Telephone company as well as the United States Telephone company.

New Incorporations.

Columbus, O., Aug. 1.—The Minor & Dixon company, Cincinnati, capital stock \$100,000; the Springfield Publishing company, Springfield, capital stock \$60,000; the Ohio Merchant company, Cleveland, capital stock \$25,000; the Cleveland Law School company, capital stock \$7,500; the Canton Grain Elevator company, Canton, capital stock \$15,000; agreement of consolidation of the Cincinnati, Portsmouth & Parkersburg Railway company and the Cincinnati, Louisville & Vincennes Railway company, forming the Baltimore & Southwestern Railroad company, capital stock \$4,000,000.

Overcome by Gas.

Marengo, O., Aug. 1.—Mr. Edward Doty was killed by gases in the bottom of a well to which he had descended to wall up the well. He leaves a wife and three children.

Too Much Morphine.

Fremont, O., Aug. 1.—Mrs. Martha Rollins, a pioneer resident of this city, suicided by taking morphine.

Body of Indian Murderer Found.

Amherst, Mass., Aug. 1.—The body of Eugene Takahpup, the Indian who killed Miss Edith Morrell because she had rejected him and who then set fire to the Morrells' barn, was found in the ruins of the barn.

Canadian Win

Dorval, Quebec, Aug. 1.—In the contest between the Canadian yacht Glencairn III and the American yacht Constance for the Seawanhauk cup, which is held by the Americans, Glencairn III won.

YELLOW FEVER SITUATION

No Outbreak of the Disease Outside of Original Quarantine Line.

Washington, Aug. 1.—The marine hospital service had received nothing from the center of yellow fever infection at Hampton later than the report placing the total of the yellow fever outbreak at 37 cases and seven deaths.

There has been no outbreak of fever outside of the original quarantine line. Each day that passes without such development increases the confidence of the surgeon general that the fever will be confined to the original foci of infection and stamped out there. The usual period of incubation of the disease is from three to five days, although it has extended to 11 days. The time since the first outbreak is now up to the usual quarantine limit.

The old soldier who is supposed to be responsible for the importation of the fever has not yet been apprehended, although several inmates of the home have been recognized and detained at various places. It is said by the marine authorities that there is but little danger of the further spread of the disease by the soldier question. He had not developed the fever himself when he left the home.

Quarantine Against Hampton.

Charleston, S. C., Aug. 1.—The Charleston health board declared a quarantine against Hampton, Va. No quarantine has yet been declared against Norfolk or Newport News.

Four Deaths.

Newport News, Va., Aug. 1.—There have been four deaths from yellow fever at Hampton Soldiers' home since last report.

Application Denied.

New York, Aug. 1.—Judge Blanchard, in the supreme court, handed down a decision denying the application of attorneys for Roland B. Molineux to inspect the minutes of the grand jury which indicted Molineux for the murder of Katherine J. Adams by means of poison alleged to have been sent through the mails to Harry Cornish, an athletic instructor.

Decided on a Raise.

Minneapolis, Aug. 1.—A committee representing practically all the big lumber manufacturers of the northwest in session here has decided on a raise of \$1 per thousand in the prices of lumber. On July 20 the prices were raised 50 cents a thousand, but the lumber men justify the further increase by the restricted supply and the increased demand.

May Increase Prices.

Anderson, Ind., Aug. 1.—This is the day for the formal organization of the American Window Glass company with a capital of \$37,000,000. It is claimed that this company controls 86 per cent. of the glass manufacturing facilities in the country, and it is thought that its first act will be to increase prices 10 per cent.

Strike in Boston.

Boston, Aug. 1.—The striking messengers of the Boston District Messenger company claim the company has but six boys at work. Two of these boys were assaulted during the forenoon, one of them being so roughly handled that he was taken to a hospital. One of the assailants was arrested.

President of Santo Domingo.

Santo Domingo, Aug. 1.—Vice President Wenceslao Figueroa, as a result of the assassination of President Heureaux July 26, has taken charge of the government of Santo Domingo as president and has formed a cabinet. The country is quiet and no fears of disturbances are entertained.

Time Extended.

New York, Aug. 1.—The new distilling company of America, whose capital stock is \$125,000,000, has extended the time for the depositing of stock by the stockholders of the four companies which it merged to September 1. The depository is the Central Trust company.

Lumber Advancing.

New York, Aug. 1.—There has been a general advance of from 15 to 25 per cent. in the price of lumber since January 1. The demand for hickory, oak and other hardwoods is sharp. Quartered oak costs \$15 more per thousand feet than it did six months ago.

Killed Two Men.

Leesville, Ga., Aug. 1.—William Jarrels shot and killed Jerry Fowler and his son Joseph at Burr Ferry, 20 miles west of here. The shooting grew out of a case of alleged hog theft which had been tried before a magistrate's court. Jarrels was arrested.

Visited by a Tornado.

Santo Domingo, Aug. 1.—This place was visited by a severe tornado which blew at the rate of 40 miles an hour. Three coasting vessels loaded with produce and anchored in the outer harbor were wrecked and about 15 men perished.

YAQUIS ON WARPAT.

Several Americans Among Those Murdered by Mexican Indians.

GENERAL TORRES KILLED.

Courier Reports a Desperate Battle About Forty Miles Southeast of Ortiz. Residents in Yaqui Valley in a State of Terror.

Ortiz, Mex., Aug. 1.—Any doubt that Yaquis are on the warpath in earnest was dispelled when the news reached here that several Americans and Mexicans had been killed in pueblos or towns in the Yaqui river valley, east and southeast of this station.

The courier who came in with the news of the slaughter declares that he saw a desperate fight at a point 40 miles southeast of Ortiz, and that he has positive evidence that J. F. Remley, a merchant of Hermosillo, and E. Miller, a photographer in his employ, were among the killed. The inhabitants of the towns in and near the Yaqui valley are in a state of terror.

General Torres, commander of the first military zone, which includes Sonora, Sinaloa and Lower California, who was in the field with the Twelfth regiment, is reported among the slain.

No information is obtainable as yet of the number of fighting Indians under arms, but if the outbreak is of the proportions of the war ended in 1897 the number may be placed at between 3,000 and 4,000. This outbreak is a surprise to the state and army officials.

It is impossible to secure accurate figures as to the total number killed to date, but the estimate at 51 on each side is not considered excessive.

DEEP WATERWAY.

Estimated Cost of Improvements Placed at \$200,000,000.

Philadelphia, Aug. 1.—Major Charles W. Raymond, chief engineer of the United States army, left for Sault Ste. Marie, Mich., to attend the meeting of the deep waterway commission of which he is president. The commission will discuss and compare the final surveys made for the contemplated route of the waterway from the great lakes to the Atlantic ocean. Major Raymond approximates the cost of the proposed waterway at about \$200,000,000. Before leaving he said:

"The route to be followed will be the Sault Ste. Marie canal to Lake Huron, through the river to Lake Erie, thence by ship canal around Niagara Falls to Lake Ontario. The question confronting the commission at this point is whether or not Welland canal, which is Canadian property, should be utilized by deepening, as it is now totally inadequate for use for ships of deep draught, or a new canal built in American territory. This may be found the more desirable for international reasons.

Italians Investigating Recent Lynching.

Washington, Aug. 1.—The international phase of the Italian lynchings in Louisiana has assumed a rather more serious aspect as result of several official reports received here. These show that the Italian officials on the scene believe that four out of the five men lynched were Italian citizens in the fullest sense. The Italian authorities have also taken note of the statement attributed to Dr. Hodges whose assault led to the lynching. This states that after the assault he walked away, indicating that the offense was not of a character to warrant the lynching of five persons.

One Offsets the Other.

Washington, Aug. 1.—Official advices received from Venezuela are to the effect that the country is entirely quiet. This offsets recent unofficial reports that serious outbreaks had occurred in the Andes country and the people of that section were coming down in force from the mountains for an attack on Maracaibo, one of the chief cities of Venezuela.

Internal Revenue Receipts.

Washington, Aug. 1.—The annual preliminary report of the commissioner of internal revenue for the fiscal year ended June 30, 1899, shows that the receipts from all sources of internal revenue for the year aggregate \$273,434,582, making an increase of \$102,617,763 over the receipts for the fiscal year ended June 30, 1898.

Advance in Miners' Wages.

Elkhorn, W. Va., Aug. 1.—Five leading coal companies in this field advanced the mining rate 15 cents. Three thousand miners are affected.

So Much the Better.

London, Aug. 1.—The Gazette announces that Mr. Waldorf Astor was naturalized a British subject July 11 of the present year.

SECRETARY ROOT

Takes the Oath of Office and Mr. Alger Becomes a Sovereign.

Washington, Aug. 1.—Mr. Elihu Root took the oath of office as secretary of war at 10:45 a. m. The ceremony occurred in the large office of the secretary of war in the presence of Secretaries Gage and Hitchcock, Assistant Secretary Melkiejohn, a large number of army officers in uniforms and other employees and officials. The oath was administered by Judge Cole, of the supreme court of the District of Columbia. It was 10:45 a. m. when Mr. Root stood up and took the oath of office. Judge Cole then addressed him as "Mr. Secretary" and shook hands and congratulated him. General Alger then advanced and shook hands most cordially and said with evident feeling: "With all my heart I congratulate you and the administration. You will find around you here men who will help in the arduous duties of your position. May God bless you and give you strength."

General Alger picked up the commission, signed by the president and attested by the secretary of state, appointing Mr. Root secretary of war.

"Here is your commission," he said, with a smile, handing it to Mr. Root, in which you lose your identity and become Mr. Secretary. I go back to become a sovereign citizen of the United States and become Mr. Alger."

"I sincerely wish it were the other way," said Mr. Root, as he accepted the parchment.

VIGOROUS GROWL

Indulged In by an Artist in the Service of a London Paper.

London, Aug. 1.—The special artist of the Daily Graphic of this city, now in the Philippine islands, has been indulging in a vigorous growl at the treatment which he says he has been subjected to "by authorities who are so deficient in common sense, to say nothing of courtesy, as to forbid an artist the assistance which he might provide for himself by engaging servants to carry the food the military authorities decline to supply even now on payment." He adds:

"If this campaign were conducted by the British there would be officers commanding at the base and lines of communication, roads would be repaired, stream bridges or ferries established, and supply trains would be moved along establishing depots.

"I have accompanied five British expeditions where these characteristics prevailed, but this is the first campaign I have seen in which the transport service was systematically neglected. Even the Chinese established depots in 1894. But here you can not be taken by cart from Manila to San Tomas by road without having to swim streams. But for a bit of single railway line, the troops would be starved on this line of operation. As it is they are but fed from hand to mouth."

Likely to Meet Ice Packs.

St. Johns, N. F., Aug. 1.—The Peary relief steamer Diana passed out of Straits of Belle Isle on her way north last Tuesday. She signalled off Battle Harbor, Labrador, "All well." Judging from the reports of shipping from Northern Labrador, the Diana will meet heavy icepacks in the vicinity of the Greenland coast, and this will probably delay her return considerably.

Murder and Suicide.

Shamokin, Pa., Aug. 1.—John Thompson and his wife, an aged couple, residing between Cable and Bear Gap, were found dead in their home with a bullet wound in the head of each. There was every indication that Thompson had murdered his wife and then committed suicide. Jealousy is supposed to have prompted the deed.

Maze Investigators.

New York, Aug. 1.—The Maze committee resumed its sittings. About 20 witnesses have been subpoenaed, but Frank Moss, counsel for the committee, would not say who they are or what subjects they will be questioned on. He said the sittings will continue three weeks.

Agreement Signed.

Apia, Samoa, July 26, via Auckland, N. Z., Aug. 1.—At a meeting of the Samoan commissioners just held both parties signed an agreement abolishing the kingship and president and agreeing to an administrator with a legislative council of three tripartite nominees.

Short Half a Million.

Glasgow, Aug. 1.—George Colquhoun, a lawyer, has been arrested here on the charge of obtaining funds belonging to his clients. His liabilities are said to be over £100,000. Colquhoun was formerly city treasurer.

Sacramento, Cal., Aug. 1.—Mrs. E. B. Crocker has conveyed as a gift to the local lodge of the Benevolent and Protective Order of Elks her mansion in this city, which, with the surrounding grounds, is valued at \$90,000.

FAST TRAIN DERAILED.

Flyer on Chicago and Northwestern Jumps the Track.

ALL THE CARS WRECKED.

Engineer, Fireman and Two Postal Clerks Killed, and Over a Half Dozen Persons Seriously Injured in the Smashup.

Boone, Iowa, Aug. 1.—The fast mail train on the Chicago & Northwestern railroad jumped the track at "Kate Shelly curve," just east of the Des Moines bridge. The engine and all the cars were wrecked.

Killed: Engineer John Masterson, Boone, Iowa; Fireman Arthur Schmidt, of Boone; Postal Clerk G. G. Stone, Austin, Ill.; J. J. O'Brien, postal clerk, Chicago.

Injured: Postal Clerk Fackert, Dixon, Ill.; Postal Clerk A. W. Hoyt, Cedar Rapids, Ia.; Postal Clerk E. H. Shirk, McAusland, Ill.; Postal Clerk C. C. Rorick, Dixon, Ill.; Messenger Helper F. L. Figafos, Missouri Valley, Ia.; Brakeman Thomas Flannery was slightly injured internally; Postal Clerk W. C. Lindell, of Chicago, was badly shaken up, but apparently not much injured.

The cause of the derailment is unknown at present. Conductor Rose said that he did not notice that the train was going at other than the usual speed. The engine rolled completely over and the body remained clear of the track, while the front truck was thrown 150 feet into a cornfield. All the cars went over the bank. Nothing was left of the express car but the wheels. The postal car was badly wrecked and the storage car and mail car turned over on their sides.

The dead were placed in charge of an undertaker here and the injured are being attended to in the local hospital.

JOHN BROWN RAIDERS.

Their Remains to Be Reinterred at North Elba, N. Y.

Washington, Aug. 1.—Captain E. P. Hall and Dr. Thomas Featherstonhaugh, both of this city, have returned from Harper's Ferry, where they have been exhuming the bodies of seven of John Brown's raiders. The bodies have been sent to North Elba, N. Y., where they will be buried near the grave of the leader with whom they fought and died.

Of the three raiders killed at Harper's Ferry, the remains of one, Watson Brown, were recovered and buried near John Brown's body in 1882. Where the other two are no one can tell. They were taken from Harper's Ferry after the fight and were used in a medical college for anatomical purposes. A monument is to be erected over the graves at North Elba. The bodies recovered are those of Oliver Brown, Stewart Taylor, W. H. Leeman, William Thompson, Dauphin O. Thompson, John H. Kagi and Dangerfield Newby.

A fragment of the bearskin overcoat in which, according to tradition, Oliver Brown was buried, was found in one of the graves and two lead pencils dropped from it when it was taken up.

Gunboat in Collision.

New York, Aug. 1.—A collision occurred between the ferryboat New York of the Williamsburg line and the United States gunboat Dolphin. The bow of the gunboat cut through the ferryboat into the engine room, breaking the main shaft and damaging considerable machinery. The gunboat's bow was bent and six feet of the rail torn away. The ferryboat, with the aid of tugs, reached the slip at Broadway, Williamsburg. The gunboat proceeded up the river.

Englishman Sued For Libel.

Hongkong, Aug. 1.—Howard W. Bray, an Englishman, who belongs to the Filipino junta here, has been sued for \$50,000 (Mexican money) damages for libel by a Filipino named Artacho. The libel was contained in an article Mr. Bray wrote for the Review of Reviews and was printed in the issue of that magazine for June 15, which has just reached here. The article referred to Artacho as "a swindler, vagabond, renegade and a knave."

Alaskan Boundary.

San Francisco, Aug. 1.—John Zachert, a mining expert of this city, claims to possess information which he believes will have an important bearing on the Alaskan boundary dispute. Zachert declares that the old Russian boundary is defined by monuments placed at short intervals and that inclosed in each is a chart of the Russian possessions. He is of the belief that the duplicates of the charts are on file at St. Petersburg.

WEATHER FORECAST—Fair and continued warm to-night and Thursday.

The news comes from Wall street that when Congress meets again it will adopt a measure "which will satisfy the most exacting demands of those who have hoped that the country would commit itself by statute as well as by custom to the exclusive gold standard." And then the people will take a hand at the following election and retire the gold bugs.

BRUNS-BENZ.

A Maysville Gentleman to be Married by Rev. John Hickey, at Mill Creek, This Afternoon.

Mr. Bernard Bruns and Miss Elizabeth Benz will be united in the holy bonds of matrimony at Rev. Father Hickey's chapel, Mill Creek Station, at 4:30 o'clock this afternoon.

Mr. Bruns is a sewing machine operator at the Keith-Schroeder Harness Co.'s establishment, and is a very popular young man with his personal acquaintances.

Miss Benz is a very estimable young lady of Mayfield, and is a sister of Otha Benz, Marshal of that place. The young couple will make Maysville their future home. Their many friends wish them smooth sailing on the sea of life.

Your Interest.

Reduced prices on watch work—Main spring 75c., cleaning 75c., watch glass 10c., pin tongs 5c., ear wires 10c. Heavy watch glass 15c. Reduced prices on all work. All work warranted. All work done by myself. P. J. MURPHY.

ICK cold phosphates at Chenoweth's soda fountain.

'SQUIRE JOS. M. ALEXANDER, of Lewisburg, continues dangerously ill.

MR. ENGLISH, of the C. and O., is able to be out after an attack of fever.

MR. W. R. ZECH is still confined to his home with an attack of chills and fever.

HUBERT T. MINGUA, of Kennard, and Miss Julia Donaldson, of Sardis, will be married to-day.

Mrs. JOHN V. DAY, who has been very ill, is in an extremely critical condition, her death being expected at any moment.

CROOKSTON, Minn., Aug. 1.—Fifty square miles of crops were destroyed in Polk county by a hailstorm. The storm followed Red Lake river from Mallory to Crookston.

A LITTLE negro boy, son of Jack Goode, of the Fifth ward, stole two pairs of shoes Monday belonging to Mr. Will Fischer. The stolen goods were soon recovered, and the young culprit was given a good "tanning" by his father.

WE have just received a line of everything needed in amateur photography—toning, fixing and developing solutions, improved flash light, &c., &c. Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

SURPRISE AT RECTORVILLE.

Mr. P. O'Maley, a Successful and Industrious Farmer, Leaves His Home and Family.

Rectorville experienced a big and genuine surprise last Thursday morning. Mr. P. O'Maley, one of the most substantial citizens of that section left his home and family, so he informed one of his neighbors, with the intention of not returning to them again.

Since he has been a citizen of Rectorville, including a period of about six years, he is reputed to have conducted himself in the most exemplary manner in every way. He has been a good neighbor, a quiet law-abiding citizen and a public spirited man in every sense of the word. He was beliked by his neighbors for his kind and accommodating spirit, for his readiness to help them in time of need and for all those qualities that enter the make-up of a valued citizen. To all appearances he was an indulgent father and a kind husband, but the developments indicate that there was domestic infelicity of some nature which the people may learn later on.

He has five children, ranging in age from four to twelve years, the eldest being a daughter of whom he was evidently more than usually fond. The others are bright promising boys. No man in the neighborhood took more interest in the education and well-being of his children than he. Cold or rainy, he presented them to the school every day, unless they were actually sick and unable to go. Mr. O'Maley was a successful farmer and each year added something to his bank account, so that finances could have had nothing to do with his leaving his home and family.

Whatever may be the cause of this unfortunate affair, it is deeply deplored by the entire neighborhood and it is to be hoped that the causes leading to the separation may be so adjusted as to enable them to come together again and live as a united family.

JUDGE PAYNTER

Expresses Confidence in the Election of Senator Goebel by a Good Big Majority.

[Enquirer.]

Judge Thomas H. Paynter, of the Kentucky Court of Appeals, ex-Congressman and one of the ablest and most popular Democrats and jurists in his State, ran down from Greenup Monday, where he is enjoying his summer vacation. Being on the bench the Judge is rather chary of interviews, but he remarked:

"I do not hesitate to say that I was very heartily for Senator Goebel in his race, and sincerely believe that he will be elected by 20,000. There is scarcely any disaffection in any part of our section of the State, and the votes that Senator Goebel may lose—it any—will be more than made with Republicans, many of whom have expressed their intention to vote for him.

No, the candidacy of ex-Governor John Young Brown on a bolting ticket will not cut much figure in the race. It will only arouse the Democrats, who are very indignant and puzzled to know the motive prompting ex-Governor Brown to this unexpected action, to do their duty at the polls, and that it will result in a decisive Democratic victory, there is no doubt, in my mind. We hope that ex-Chief Justice William Pryor, than whom there is no purer, abler or more popular Democrat in Kentucky, and who has been a staunch admirer and supporter of Senator Goebel all along the line, will make some speeches in this campaign."

KENTUCKY CROP OUTLOOK.

The Past Week Was Generally Favorable—Late Corn in Good Condition—Tobacco Looks Promising.

Warm weather with frequent showers were the prevailing conditions until Sunday, when a change came and the week closed with clear, cool weather. A few counties in the northeastern part of the State received but little rain and are still in need of it, but in most places the rainfall was ample, and in some places so heavy as to do considerable damage by washing crops out on hillsides and flooding some lowlands.

Generally speaking, the week was most favorable for all vegetation. Corn and tobacco improved rapidly. In some places early corn was permanently injured before the drouth was broken, but late corn is in good condition. Tobacco generally looks quite promising, but there is some complaint of worms. Gardens have improved wonderfully. Irish and sweet potatoes are not as good as was expected earlier in the season. Pastures show great improvement since the rain. Fruit is very scarce throughout the State. Some farmers have commenced plowing for winter wheat.

A LARGE barn belonging to Mr. Samuel Collins, near Mayslick, was destroyed by fire last night. Insured for \$400 in the Farmers' Home Mutual.

E. R. ARMSTRONG, of Paris, has lost the sight of one eye as the result of a cataract.

Misses MATTIE POWER and Bessie Purnell were elected Saturday to teach the city school at Millersburg the ensuing year. Miss Power formerly resided in Maysville.

The First Presbyterian Church picnic will take place next Friday at Best's woods. All the congregation, old and young, are expected to attend and have a good time.

CARDS are out announcing the marriage of Miss Lizzie McClintock, daughter of Mr. Thos. McClintock, of Millersburg, to Mr. Perry Turner, of Owingsville, on August 15th.

Dr. J. M. FRAZEE made an assignment this morning to Mr. L. W. Robertson for the benefit of his creditors. No schedule of the assets and liabilities has been filed yet. The news of Dr. Frazee's financial troubles will cause sincere regret among his wide circle of friends.

The members of Company C, Ninth Kentucky Confederate Cavalry, with their families are enjoying a reunion today in Wm. Tarr's woodland near Millersburg in honor of their comrade, Captain John A. Miller, of Atlanta, Ga. Mr. Miller and his family are visiting in Millersburg.

MR. GEO. W. CHAMBERS, son of Mr. Geo. Chambers of this city, is in Mexico, and writes his father that he is engaged in building a bridge across a deep mountain gorge. The height of the bridge is 200 feet and the structure is 2,300 feet long. The bridge is for the purpose of transporting ore from one mine to another. Mr. Chambers left his home in Covington about two weeks ago and expects to remain in Mexico about four months. His office and sleeping apartments are on the top of a mountain about 5,000 feet high.

If Mr. Clooney, the jeweler, had any doubts yesterday about the effectiveness of display advertising they were quickly dispelled. Andy says he has ample evidence that his announcement was read. By actual observation it was just eighteen minutes after the first carrier left the BULLETIN office until the first answer to the riddle was handed in at the store. From that time on up to closing time they came by twos and fours, "carts and carriages." This morning many more were received—some by 'bus and mail from the country. Moral: Make your advertising attractive and offer inducements to prospective purchasers; the BULLETIN will do the rest.

MR. JOHN W. BOULDEN and wife have gone to Millersburg to-day to attend a reunion at Tarr's Station, of the members of Co. C. 9th Ky. Cavalry, C. S. A. and their families, given in honor of Capt. Jno. A. Miller and wife who so royally entertained all of the members of this company (about twenty-five) at the meeting of the Confederate Veterans Association at Atlanta last year. The Colonel of this regiment, after writing last year of the company from Bourbon County in the Cuban war, wrote as follows: "One of the most splendid companies that ever served under any flag was Company C. of the Ninth Kentucky Cavalry nearly all of whose members were sons of Bourbon." This regiment was on picket duty when Gen. Morgan went on the "Ohio raid" and Gen. Bragg said he could not spare it. Most of the privates and non-commissioned officers however followed Morgan for two days, but could not get with him, so they returned. All of the officers were reduced to ranks by Gen. Bragg, Mr. Boulden among the others.

VOLTAIRE.

The great French philosopher, once asked this riddle:

What is the longest and yet the shortest thing in the world; the swiftest and the slowest; the most divisible and the most extended; the least valued and the most regretted; without which nothing can be done; which devours everything, however small, and yet gives life and spirit to everything, however great?

For the purpose of ascertaining how many people read advertisements, and, incidentally, to secure attention to subsequent announcements,

Clooney,

THE JEWELER,

will award to the person sending the FIRST correct answer to the above, a BEAUTIFUL SOLID GOLD PEARL HANDLE PEN.

Answers must be in writing, and sealed, and may either be left at the store or mailed. The contest closes Saturday night, the 5th inst., and the correct answer, together with the winner's name, will be announced in this space the following Monday.

No one need hesitate to compete for the prize for fear they may be too late. The last answer may be the correct one. And as many answers may be sent in by one person as they choose, so that they are in separate envelopes.

Electric Park.

True merit wins, and there is a goodly lot of it in the pleasing program that is given at the park this week. Another big crowd was out last evening and the people thoroughly enjoyed themselves. "Rastus" is the prime favorite, while genial Lew Seeker comes in for his share of the applause, and Holmes and Waldron's musical specialty sends everybody home in a good humor. Numbered reserved seats can be procured in advance at Nelson's. Fifteen cents pays round-trip car fare and admission.

Volcanic Eruptions.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them. Also old running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains, heat pile cure on earth. Drives out pains and aches. Only 25c. a box. Cure guaranteed. Sold by J. J. Wood & Son, druggists.

Family of Heavy Weights.

CARLEIGH, Ky., July 31.—The George family, of this city, is composed of five sons and three daughters. The aggregate weight of the nine is 2,775 pounds, an average of a little more than 300 pounds. The five sons weigh 1,700 pounds, an average of 340 pounds. The lightest weighs 250 pounds, the heaviest 405 pounds, and none of them stands less than 6 feet 2 inches.

PUBLIC SALE.

Notice is hereby given that on

SATURDAY, AUGUST 12th, 1899,

at 2 o'clock p. m., at the residence of Oscar L. King, on the Maysville and Mt. Sterling turnpike, near Millwood, I will sell at public auction the highest bidder TWO SEPARATE TRACTS OF LAND, to-wit:

One contains 170 ACRES, more or less, located on the east side of the Maysville and Lexington railroad, at Mill Creek Station, was conveyed to O. L. and J. R. King by Thomas Wells and wife by deed of record and is where John R. King now resides.

The other contains eighty-nine acres, more or less, located on the West side of the Maysville and Mt. Sterling turnpike Road, was conveyed to said O. L. and J. R. King by Thomas Luttrell and wife and is where said O. L. King now resides.

Sale will be on credit of one, two and three years, the purchasers to execute bonds with good personal security, bearing 6 per cent. interest from day of sale until paid, lien being retained on the land as an additional security. The purchasers have the right to pay cash if they so desire. Purchasers have privilege of seeding this fall and full possession between March 1st and 10th, 1900.

This is an opportunity for any person desiring good Masou County land to acquire same at a low price. Assignee of O. L. and J. R. King, C. F. Taylor, Auctioneer.

PUBLIC SALE!

As administrator of Julia A. Browning, dec'd, I will offer at public auction, on

SATURDAY, SEPTEMBER 2, 1899,

at 2 p. m., the Farm of 100 ACRES left by deceased. This land is situated on the Sardis turnpike, near Shannon, and is in a high state of cultivation.

Good Dwelling and Good Barn.

Other necessary improvements. It is well watered. TERMS.—One-third cash, one-third in one year and one-third in two years, deferred payments to bear interest from March 1, 1900, when possession will be given.

Sale will take place on the premises. For further information call on Wood Browning, on the premises, or on the undersigned. W. J. REES, Administrator.

The Best 50c. Linen Skirt at 39c.

You have often paid 50c. for a skirt not the equal of these. We have known them to sell elsewhere for 75c. They are made of heavy linen and have a full three and a half yard sweep. These skirts are not "skimped." They have a "hang" about 'em that shows they were built by makers of well-fitting skirts. Merely to avoid summer dullness, we've marked 'em 39c. A regular \$1.50 White Pique Skirt is marked 98c.

Newly-Arrived 15c. Lawns Are Now 10c.

Your advantage in having our buyers visit New York City is well shown in this newly-arrived lot of Lawns. They come in dainty Dimities, exquisite corded Mulls and Muslinettes. The patterns are the very latest shown in the Eastern markets. Your saving is just 5c. a yard, for they're marked 10c. instead of 15c. Those 10 cent Lawns at 6c. are selling like the proverbial hot cake. You had better come quickly.

Great Bargain in Ladies' Night Gowns.

This was a most fortunate purchase, indeed. These Gowns were made to sell at 75c. There were just thirty dozen. We took them all at a price which, with a small profit, sells them to you at 49c. They are made of soft, sheer Cambric and trimmed with superb Swiss embroidery and insertion. Do you need a gown? Here's one to your great saving at 49c.

FLEMING'S OIL FIELD.

Foreign Speculators Leasing Land and Will Soon Sink Test Wells—Trickery Charged.

Mr. R. F. Parsons representing Roth, Argue & Co., of Buffalo, N. Y., has been at Flemingsburg the week past and has leased 2,430 acres of ground for oil privileges. He states that a well of not less than 2,000 feet in depth will be put down at once, and that if the results or indications justify it, his company will begin sinking fifteen or twenty wells.

The owners of the land are to receive one eighth of the gross product if oil is found in paying quantities; if it is struck in sufficient quantity lessee is entitled to its free use for himself and an allowance of not over \$75 per year for each well; all pipes are to be below plow depth, and any damage done to fencing or crops is to be paid for; wells shall be 200 feet or more from buildings.

The Gazette has the following on the subject:

"F. J. Shoup, an oil man from Pittsburg, struck town Monday. At first he thought the town well had been salted, saying that the oil had been mixed with turpentine. Nevertheless he says he is here for the purpose of leasing territory and started out for that purpose.

"Two Maysville business men were in town Friday and on examining some of the oil one of them ventured to say he would wager \$1,000 that the oil was coming from an artificial source and not from the natural earth at the well. He had to pull in his horns when a local capitalist stepped up and offered to accept the wager and put up the hard rocks.

"The quality of oil issuing from the town well must be something remarkable. Every expert who has seen or tested it pronounces it the best quality

WELL KNOWN IN MASON

Were the Key Sisters, One of Whom Married a French Count.

After the notorious Mat Ward met his death at the hands of the Yankees, near his home in Arkansas, his widow, who was formerly Anna Key, married a Yankee Colonel, who was encamped on her plantation.

Her brother, Tom Key, was killed in the rebel army, and her older sister, Belle Key, after the death of her husband, Jim Hewitt of Louisville, went to France, where she married a Count and where she still resides.

They were both handsome and attractive women, and well known in this county, where they formerly visited.

A GLORIOUS OPPORTUNITY FOR BARGAIN SEEKERS

JULY WEATHER.

The Total Rainfall at This Point During the Month Only 2.47 inches—Highest Temperature 99°.

Last month was a dry one, the total rainfall amounting to only 2.47 inches. Up to the 15th the precipitation was but six hundredths of an inch. Four good rains fell after that date, the heaviest occurring on the 25th—92, greatly reviving crops and pastures which were suffering seriously from the drouth.

The temperature was up to 99° on three days, the 4th, 16th and 26th. The lowest was 50°, on the 10th. The mean maximum temperature for the month was 92.7°, the mean maximum 62.6° making the mean for the month 77.6°. The highest of the season to date is 99°. There were seventeen clear days, eight partly cloudy and six cloudy.

A HEADQUARTERS detective is investigating a case which is not only peculiar but pathetic. The story was reported by Miss Katie Turner, the charming young daughter of George W. Turner, deceased. At the time of his death Mr. Turner held the position of assistant city chemist. He overworked himself during the recent smallpox epidemic and finally contracted a cold, which resulted in his death. Naturally his death was a great shock to his widow. Some two years ago Mrs. Turner gave a tintype photograph of her husband to one of those "photo enlarging" companies. It was the best picture she had of her husband. When she received the enlarged picture she was not satisfied with it and returned it. Since then she has been trying to secure the tintype without avail. It was not until after her husband's death that she made a decided effort to recover the tintype, but the company paid no attention to her repeated requests. She wants the police to aid her in recovering the picture.

The above is taken from the Cincinnati Times-Star, and is verified every few days at our Studio. Moral: Don't give your orders to agents. Leave them at CADY'S ART STUDIO, where the original picture will be safe and the enlarged picture will please you.

GERMANTOWN.

Miss Ida May Tyler is visiting Miss Jackson at Mayslick.

Marion Tolle, of Maysville, has been the guest of T. T. Tyler.

Prof. Nugent left for his home at Campton on Tuesday morning.

Leon Patterson and wife have been visiting relatives near Shannon.

Rev. Wood, of Mt. Olivet, preached at the Christian Church on Sunday.

Howard Thompson, of Warren County, Ind., is visiting relatives at this place.

The wife and daughter of Rev. T. B. Cook, of Cynthiana, are the guests of Mrs. C. C. Coburn.

Hiram McDowell, a man of wealth, an aged and respected citizen of Robertson County, was buried on Sunday.

There will be an entertainment, consisting of music and recitations, in charge of Miss Maggie Currens, at the residence of S. N. Robinson on the evening of August 10th. Admission 20 cents, and proceeds for the benefit of Hebrew Church.

We have several sunflowers in our garden remarkable for their growth and height and size of their bloom that we prize very highly. They are such a comfort, and so much admired by the lady who is spending the summer with us; they remind her so much of her adopted State.

The sermon preached by Rev. Porter, of Maysville, on Sunday evening was a grand effort, beaming with wit, overflowing with pathos and exhilarating with oratory. "I did not know there was such an eloquent preacher in Maysville," was the remark of one of our ministers.

We are sorry that the editor of the paper at the county seat of your adjoining county was not better pleased with his trip to Potosky. The Mantion is far from being the finest or largest boat on the lakes, is narrow, sits high in the water, and it is a familiar prophecy that she will sometime be blown over in a storm. Compared with the magnificent palaces that run from Cleveland to Mackinac, or those from Buffalo to Duluth, she is as far inferior as she is superior to the Ohio river craft. We have traveled on them as high as Sault Ste. Marie, and \$1.00 for berth, 75 cts. for dinner, and 50 cts. for supper or breakfast, has been the regulation price and why the Mantion should be so extortionate as to want to charge six dollars for a breakfast and otherwise extortion is something strange. In fact, considering the thousands who visit that section it is strange that prices are so moderate, and we have heard the charge of extortion make before. There are a few hotels, such as the Grand at Mackinac, and a few that go for the class who patronize them, but there are hundreds of others where you fare just as well or better at moderate prices. We have traveled the inland route, dined at Topinabee, crossed the Crooked and Indian rivers, fished time and again on the beautiful waters of the inland lakes, from Oden-Oden to Cheboygan, and never saw or heard those direful mosquitoes. Reflection of the sun on the water will burn the face, if unprotected, but we never saw a man wear a shield to guard against mosquitoes. If the editor will come up in September we will guarantee not to be bothered with the insect. No flies there indeed! Our landlady has screen doors, but the servants make a daily business of driving them from the dining-room.

EAST LIMESTONE.

The hall storm of Friday evening nearly did not reach this neighborhood.

The late rains have benefited the tobacco and late corn; most of the early corn is beyond redemption.

The Fifth Sunday Annual Association of the Baptist Church convened at Stone Lick Church Saturday and continued through Sunday. A large crowd was in attendance from the surrounding country, Manchester, Maysville, Orangeburg and other adjacent towns being extensively represented. Several ministers were present consisting of the church's brightest

lights, among them Revs. Keys, Porter, White, Clayton, Hawley, Mitchell and others and Rev. Tolle, local pastor. In anticipation of about three hundred guests the generous and hospitable members had prepared an abundant and tasteful dinner each day which was served under a large canopy where were arranged two long tables containing covers for sixty-seven. About five hundred partook of this bountiful repast on Sunday and as in the case of Christ feeding the multitude there was plenty left for many more. The kind hospitality and liberal entertainment given by these good people on this two days meeting could not be excelled if ever equalled and brought to mind the reminiscence that the Stone Lick people never do anything by halves. Sunday was a delightful day for such an occasion, the temperature in the early morning being modestly reposing at 60° after a drop from 98° the preceding week. The program was interesting throughout. Rev. Porter, with his usual eloquence, preached a doctrinal sermon at the Sunday morning service which was interesting and instructive and was followed in the afternoon by an animated discussion on "The Deacon's Duty to the Church." Later Rev. Keys delivered an address on the "Baptists of Yesterday and the Baptists of Today." Rev. Mitchell was the speaker at night. Mr. Pollard, leader of the choir, and Miss Sedden, organist, added much to the pleasure of the occasion. At the suggestion of Rev. Hawley a vote of thanks by the visitors was tendered these good people in appreciation of their untiring devotion. May their church continue to prosper.

Miss Anna Meyers was taken suddenly ill at the home of her sister, Mrs. Lola Swice, Thursday evening and could not be removed to her home. Dr. Hord, the attending physician, pronounced the case a severe attack of malaria.

HELENA STATION.

Joseph Forman has been on the sick list. Willette Darvall came down from Flemingsburg Saturday.

C. H. Farrow and G. W. Walker, of Mt. Gilead, were the guests of friends here Saturday.

There was quite a crowd at the sale of J. H. Rice Saturday. Everything went very cheap.

Those present at the house party at Mrs. Ed. Bullock's are Misses Ollie and Lizzie Carrington, of Mt. Sterling, Misses Mary and Allene Mitchell and Nellie Ball, of Maysville, Dr. Homer Rice,

Cincinnati, Mr. and Mrs. Ed. Mitchell and wife of Maysville.

Miss Anna Hord and Miss Lottie Willett spent Sunday with Mrs. Charlie Owens near Lewisburg.

Willie Ryan, of Millersburg, was here calling on his best girl Sunday accompanied by a gentleman friend of his. They came down on their wheels.

The protracted meeting at Mill Creek Church will begin the fourth Sunday in August. Rev. Harkins will hold the meeting and Mrs. Harkins will lead the singing.

The English "Society for the Prevention of Consumption" presided over by the Prince of Wales, was recently addressed by Sir William Boardman, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case. There is no such thing as inherited consumption. There may be local weakness which tends to consumption, but the germ has absolutely to be planted in that weak spot before consumption can ensue.

This ought to comfort thousands of people who have "weak chests" or "weak lungs." They are not foredoomed victims of this dread disease. All that is needed to bid absolute defiance to this deadly scourge, is to be able to strengthen the weak lungs, and build up a strong body. The answer to this need is found in Dr. Pierce's Golden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off, and the weak organs are nourished into perfect health, which defies germs of every kind. People, given up by doctors, emaciated, bleeding at the lungs, with obstinate, lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is a strictly temperance medicine containing no alcohol, whiskey or other intoxicant.

RUGGLES

CAMP MEETING.

The meetings on these beautiful and much improved grounds will be held

July 26 to Aug. 6.

Eminent Divines will be present this year. Rev. W. B. Collins, D. D., of Louisville, Ky., and Rev. D. H. Moore, D. D., of L. L. D., Editor of Western Christian Advocate, Cincinnati, O., will preach on the Sundays, and the Ministers of the Ashland and Covington Districts will also be present. Splendid singing in charge of Prof. Richardson will be a feature. A splendid addition has been made to the hotel, giving ample accommodation to all. The promenade grounds have been extended, a new stable built and many other improvements made, the grounds are beautiful, and best of all there is an abundance of pure water—two large cisterns, three wells, one of which is 150 feet deep, the water of which we have had analyzed, and it contains the following medical properties: Total solids, 3.6 to the liter; soluble salts, 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts, 0.44 to the liter; consisting of calcium carbonate with traces of iron.

Children's hour every day at 1:30 p. m., in charge of Mrs. J. H. Dodson.

The hotel will be in charge of Wallingford, Simonds & Harding of Maysville; stables, J. L. Foxworth of Mt. Carmel; baggage-room and barber-shop, Dale & Hamrick.

The meetings will be in charge of Revs. G. R. Frenger and J. G. Dover, Presiding Elders of the Covington and Ashland Districts.

Anyone desiring courtesies write
